～Checklist before participating in the virtual marathon～

☐ **Download TATTA: the GPS training app.**

☐ **Open the app, enter your ID and password. Then tap on the sync button.**

☐ **Tap [Event] in the TATTA app and check if [Mt. Fuji International Marathon 2023 Virtual Series Winter] is displayed. If it is, you are all set！(This will be reflected on the same day, once you enter the race.)**

☐ **If it shows "Connected", your TATTA app has successfully linked.**

Open "TATTA" on your smartphone

☐**Open TATTA and display the measurement screen from the start menu.**

Tap ① at the top of the screen to display the list of ② events.
Make sure that [Mt. Fuji International Marathon 2023 Virtual Series Winter] is included in the ②list.Your record will be reflected on all events displayed in the events list.

If this is not displayed, check:

Is the sync with RUNNET correct?
Is the activity selected correctly?
(Is Running or Trail Run set?)
The list can be closed by tapping any other part of the screen part.

Finish

☐ **You can run as many times as you like during the event. If you run more than the specified distance, you will finish the race.**

☐ **If you have more than 2 entries, please run more than the total distance.**

☐ **Tap [Event] in the TATTA app →「Entry」→[Mt. Fuji International Virtual Marathon] →「Result」**
If the completion certificate is displayed, the race will be completed.
※No application is required after the race is completed.
